Student Contributions to College

Student involvement in College life has taken another step with the introduction of a Student Council. The student council has the main objective of being a voice for the students in the college, and to assist and advise the Head Boy Kevin Calis achieve this goal. Kevin's right hand man Charlie Stenning is present at the meetings to communicate the group's findings back to the student leaders. The Council members give up their free time on a Thursday at interval showing how committed they are to strengthening student input at the college.

Meetings so far have included discussions on improving results, litter, shelter, recycling and junior uniform.

The members of the Student Council are: Kevin Calis, Aaron Olsen, Benjamin Seely, Caitlyn Cox, Charles Stenning, Daniel Calder, Emily Watson, Jack Stenning, Keanna Johnson-Phillipps, Olivia Kelly, Paris Bagosi, and Rina Par-aone.

Student Leadership in Other Areas

Aside from the leadership opportunities in sport at Kaipara, students lead important aspects of the Music programme and also have been learning to direct drama performances.

The students also manage the digital citizenship issues surrounding the use of devices in the school via the Student Digital Citizenship Council. Students also help with bullying through the Harassment Committee and with fair play in sport via the Fairplay Committee.

As part of the process of appointing a new Principal the Board collected the views of parents, students, staff and the community. We heard from three hundred and nine people. The survey has given us a great deal of very useful information which will help us in the selection of a new Principal. Thank you very much to all of you who contributed to the survey.

The Raven Boys by Maggie Stiefvater

"There are only two reasons a non-seer would see a spirit on St. Mark's Eve," Neeve said. "Either you're his true love . . . or you killed him."

Never before has sixteen year old Blue Sargent actually seen the dead. To be able to do that you need to possess the second sight, which Blue certainly doesn't have, even though the rest of her family do. However, everything is about to change when Blue meets a spirit called Gansey. From that meeting, Blue finds herself twisted in a mystery that involves befriending the secretive Gansey and his three close friends to find the truth about the puzzling Welsh myth of the 'Sleeping' King, King Glendower.

Book one in the Raven Cycle Series.
