## Good Turnout for Pathways Day

A steady flow of parents/caregivers accompanied by their children came through the college on Wednesday this week. Term 1 "Settling In" reports were collected followed by an extended interview with the Form Teacher who reported on the parent's child in all subjects and various aspects of their child's progress at school in general. Appointments could also be arranged through the Form Teacher if parents wished at a later date to discuss progress with specific subject teachers.

Parents and caregivers who were unable to collect their child's report on Pathways Day may collect them up from the main office during college hours.

## Whatever happened to Leonora Petrina (nee Joy)? (Kaipara College 1996 - 2000)

After college, Leonora completed a Diploma of Sport and Recreation at AUT during which time she also represented New Zealand in running at the Oceania Cup in Vanuatu and at the World Cross Country Championships in Ireland. She received a scholarship to Stony Brook University, New York, where she completed a Business Administration degree while running for the University Track, Field and Cross Country Team. After a brief period back in New Zealand, she returned to the USA where she worked in a New York running store and focused on running. An apparel and footwear sponsorship from *Saucony*, allowed her to spend more time on her passion for running and she now works with her husband who manages one of the running stores in New York. Not only does she help with sales but also through the store helps organise group runs, races and running events. Leonora recently came third in the Disney Half Marathon. I think its called living the dream.
